

# Subbass in F a' 442 Hz

## Beschreibung:

○ = offen  
ø = wenig geöffnet / Halbloch  
þ = wenig geschlossen  
● = geschlossen  
M = Triller  
○ = nur den Ring drücken

## Description:

○ = open  
ø = half or partly closed  
þ = slightly closed  
● = closed  
M = trill  
○ = only the ring

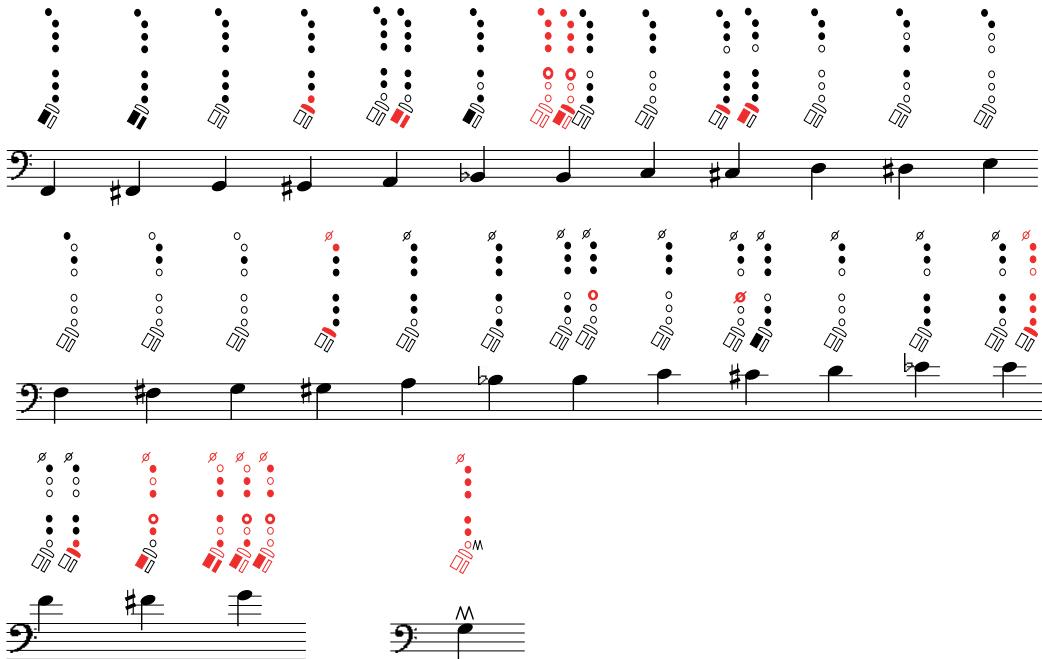

rot sind Abweichungen zur  
barocken Griffart.

red fingering  
are **different** from the usual  
baroque fingering.

## Temperatur

Subbässe erwärmen sich beim Spielen kaum. Die Abhängigkeit von der Raumtemperatur ist deshalb gross (Sommer-, Winterunterschied ca 20 Cent). Abhilfe im Sommer kann ein Stimmring bringen.

red fingering  
are different from the usual  
baroque fingering.

## Temperature

Subbasses hardly get warm with playing. Because of this their pitch is very dependent on room temperature and can vary as much as 20 cents between summer and winter. In the summer a tuning ring can be useful.
